Summary

I'm a dedicated front-end developer with **1.7 years** of hands-on experience building dynamic, user-friendly applications using ReactJS. I enjoy turning complex ideas into smooth, interactive web experiences and collaborating with teams to bring designs to life. My strengths lie in crafting efficient, responsive components and continually finding ways to improve performance. I'm passionate about creating applications that not only look great but are also easy to use and enjoyable for users.

Skills

Languages:	JavaScript, HTML, CSS.
Library / Framework:	React, Redux Toolkit, Bootstrap, Material UI, Node/Express.
Databases:	MongoDB, MySQL.
Tool / Platform:	Git, GitHub.
Soft Skills:	Teamwork, adaptability, and problem-solving.

Work Experience

Frontend Developer | Abaris Softech, New Delhi | Apr 2023 – Present

- Responsible for developing and maintaining web applications for clients in various industries, focusing on front-end development.
- Integrate RESTful APIs and third-party libraries to fetch and display dynamic content on web pages.
